Hurricane Awareness Tips

Hurricane Awareness: **Tip 1: Have a plan.**

Begin preparing your family by reviewing the steps you should take before, during, and after a storm.

Hurricane Awareness: Tip 2: Assemble Disaster Supplies.

The most important things on your preparedness list are the right supplies.

Hurricane Awareness: **Tip 3: Make financial preparations.**

Consider the cost associated with a disaster and make adequate financial preparations to help mitigate it.

Hurricane Awareness: **Tip 4: Stay informed.**

Make sure you are aware of the latest safety advice and download important Radio and Disaster Preparedness Apps (DDM, ZBVI, ZROD, FUZE radio, etc).

Shelter Classifications

Primary Shelters	can provide refuge during and after a hazard like a storm or earthquake and are equipped with generators as well as facilities for shelterees to cook and bathe.
Seconday Shelters	can provide refuge during and after a hazard but do not have as many of the facilities as a primary shelter and would house shelterees for a shorter period of time.
Tertiary Shelters	can provide refuge after a hazard and would only host shelterees temporarily.

Personal Loan

Ensure you have the funding you need for an emergency.
